OUR TIMELINE

est.

1925

The story of Evolve Bank & Trust began in June 1925 when the bank, known then as First State Bank, became the primary financial institution in eastern Cross County, Arkansas; helping develop farming communities.

Its strength carried it through the Great Depression when an estimated 9,000 banks and financial institutions failed. It has survived a World War and has weathered multiple periods of economic downturn and recession.

In January 1934, the bank became a member of the Federal Deposit Insurance Corporation (FDIC) following the signing of the Banking Act of 1933. In less than 30 years, the bank's assets increased more than 40 times what they were when the doors opened.

In 2005, the bank changed its name to Evolve Bank & Trust and added trust powers.

Nearly a century later, Evolve Bank & Trust continues to raise the standard of banking while recognizing the ever-evolving needs of our customers – both businesses and individuals.
